

Login Activity

Account Activity

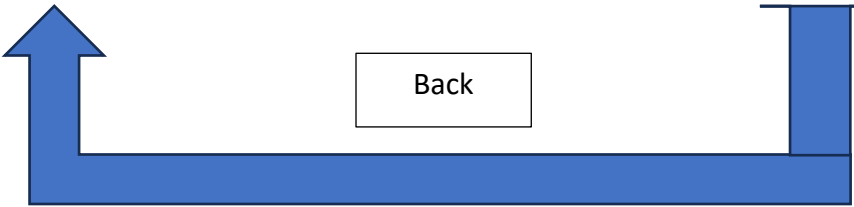

Goes to User Create Account page, if the username does not find on the database.

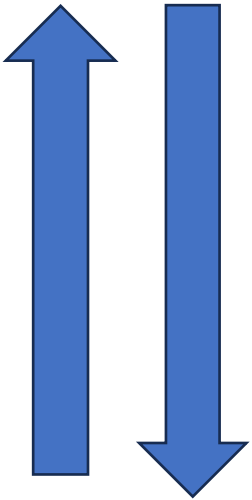

If the user directly clicks the Create an Account button, again it goes to User Create Account page.

Back

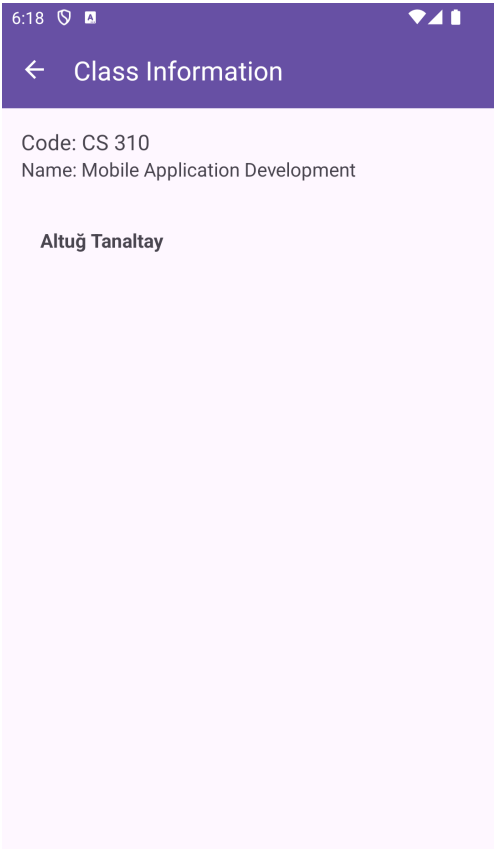

Back

After Login, user goes into the Main Screen.

Class Activity

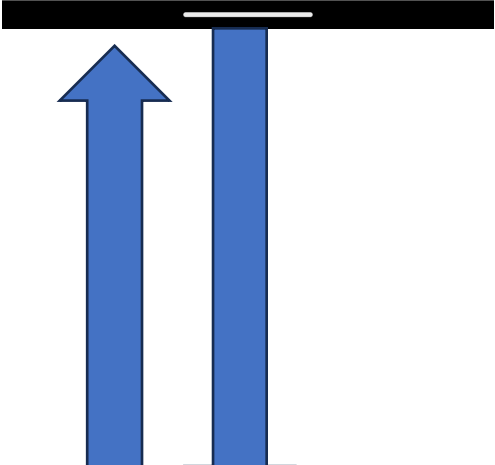

Logged in user can either search by Professor name or search by Course name. Here is the search by Course.

Back

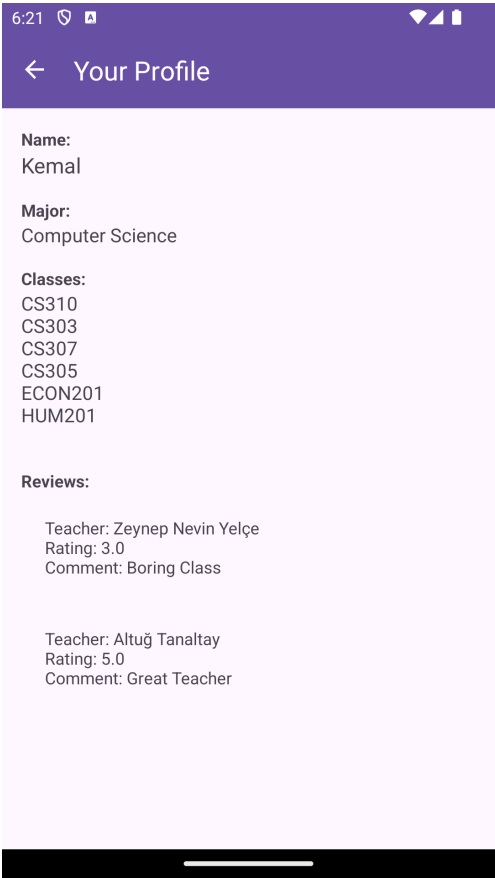

Main Activity – Class and Professor Search Activity

Back

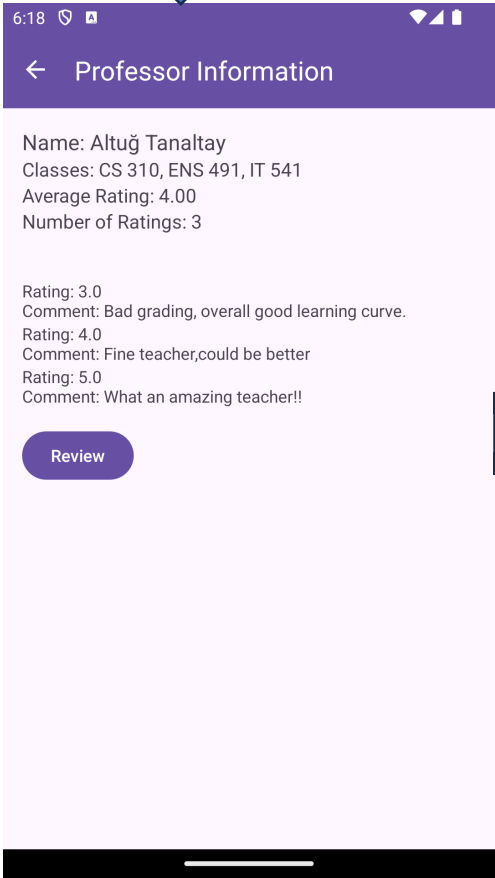

In the Main Screen, user can directly go into their Profile section and see the information they have. (Name, Major, Classes, Reviews.)

If the user has searched by Course name, they can go directly into the Professor's Information page by clicking into the Professor's Name under the Course page.

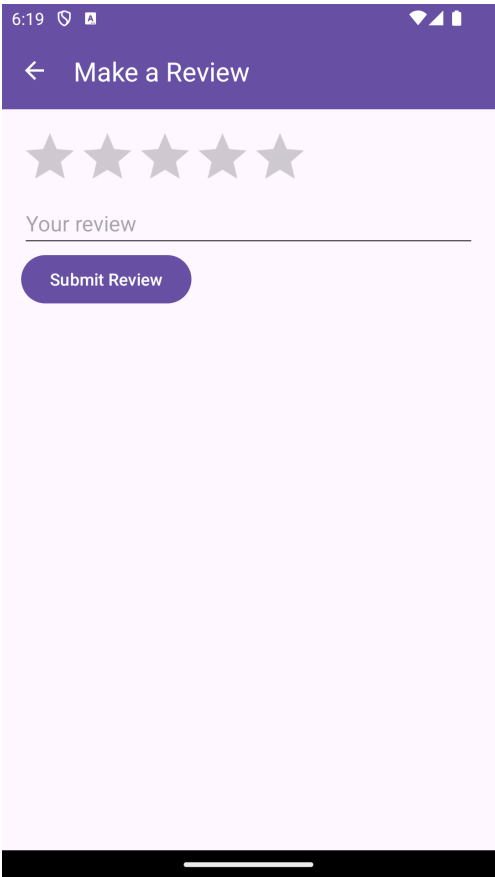

Profile Activity

From the Professor's Information page, user can create Review.

Professor Activity

Back

Review Activity

Back

After Review submitted, it goes back to Professor page automatically.
